The Growl

Theta Xi Kappa Sigma B

Fall 2020 B-Section

As you can imagine, this has been a pretty rough term for us because of the pandemic. It has affected our ability to socialize with other organizations and acquire new members. We still held rush events that were either socially distanced outside with masks or were held online. While Covid-19 has had its limitations, it has also pushed us to converse more with our alumni. We are looking at options of recruiting in the spring term as well due to low turnouts.

Hand Wood-Burned Plaque made by KΣ1414's Girlfriend

Pumpkin From ASA: ASA was generous to decorate a pumpkin for us this year for Halloween. We then reciprocated the favor by painting a pumpkin for them.

Newly Elected Executive Council:

President - Cody Bradshaw KΣ1413

Vice President - Charles Sweet KΣ1424

Treasurer - Cody Bradshaw KΣ1413

House Manager - Kadin Bowers KΣ1423

Secretary- Bryan Sclabassi KΣ1422

Scholarship Chairman-Jared Boyle KΣ1406

Comptroller - Kadin Bowers KΣ1423

Membership Educator - Tallon Brehmer KΣ1414

Active Membership Update

We had three new Initiated Brothers as of Fall 2020

Bryan Sclabassi KΣ 1422

Bryan Sclabassi is a Computer Engineering Major of the class of 2023. He currently Co-Ops at Veoneer, an American Swedish provider of automotive technology such as electronics and autonomous driving solutions. Bryan's hobbies include music, 3D printing, and disc golf.

Kadin Bowers KΣ 1423

Kadin Bowers is a Mechanical Engineering Major of the class of 2024. He currently Co-Ops at Tenneco, an American automotive components original equipment manufacturer and an aftermarket ride control and emissions products manufacturer. Kadin's hobbies include cars, 3D printing, and camping.

Charles Sweet KΣ 1424

Charles Sweet, brother of alumnus Lucas Sweet KΣ1390, is a chemical engineering major of the class of 2024. He Co-Ops at Asahi Kasei a multinational Japanese chemical company whose main products are chemicals and materials science. Charles is on the Kettering Rainbow Six Siege e-sports team, who are now the top Collegiate team in Michigan. Charles' hobbies include the outdoors, playing the piano, and fitness.

A Word from Our President

Brothers,

B-section had a tough time over the past year given the circumstances. Currently, we have a total of ten members with the addition of our three newest members that joined our brotherhood this past fall term. With that being said, unfortunately, we were unable to get any new associate members this past fall term with COVID-19 being in full swing. We did have a can drive in 2020 where we managed to raise a total of \$250.35 which went to AmeriCares Foundation. We managed to maintain our All True Men status for the second year. We have learned a lot from last term and are ready to put it behind us and have an amazing spring term.

YITB,

Cody Bradshaw

KΣ 1413

Work Weekend

During our work weekend, we made a significant improvement to the house by digging up and mulching the gardens. The exterior of the house looks a lot nicer as a result. We also cleaned up the yard by trimming bushes, raking leaves etc. A riding lawn mower was donated to the house and Kadin put a lot of work into fixing it up for us. We plan to use it to plow snow in the winter as well. In the coming spring we plan to complete more landscaping, including planting plants in the gardens. Image Designed by KΣ1414's girlfriend.

Memories from the Term

The Potato Cannon Rush Event was our best event and was a big hit with PNM's, we had a large turnout. We purchased cheap items from Good Will to shoot at, in addition to our broken washing machine.

A-section acquired a Foosball table and has been a big hit with the brothers. So far, Cody has been dominating tournaments against other brothers.

New Sweetheart: Kappa Sigma Mantis was found outside on the porch in the cold and quickly became a beloved member of the brotherhood. We brought her inside and made a terrarium for her. She lived for a month and laid eggs inside the cage. After she passed away, we gave her a Viking funeral in the Flint river.
